Monmouth County Supportive Services Policy

Purpose: to establish a policy on Supportive Services for Monmouth County Division of Workforce Development.

Background: A key principle of WIOA is to provide local areas with the authority and flexibility to make policy and administrative decisions based on the needs of the local community. In NJWIN 10-16, the NJ Department of Labor and Workforce Development requires that local areas establish a written policy and procedures if they wish to implement Supportive Services and Needs-Based payments.

Policy: Due to Monmouth County Procurement and Purchasing rules and requirements, Monmouth County Workforce Development Board and the Monmouth County Division of Workforce Development have chosen not to provide Supportive Services/ Needs-Based payments at this time.

The decision to not provide these services will be reviewed on a yearly basis.
